Hooks ISD Comprehensive Needs Assessment

School Profile

The Hooks Independent School District (HISD) is located in the quiet East Texas town of Hooks, Texas. Hooks is a small community located in the northeast corner of Bowie County, just a few miles west of the city of Texarkana.

Hooks ISD has three campuses: Hooks Elementary is for grades Pre-K-4, Hooks Junior High serves students in grades 5-8 and Hooks High School is for grades 9-12.

Each campus offers a challenging curriculum that meets or exceeds the requirements of the Texas Education Agency. District wide programs include, but not limited to, specialized instruction for ESL, Gifted & Talented, and Dyslexia students. The elementary school has an active Service-Learning program, academic UIL teams, and offers elementary Spanish as an enrichment opportunity.

The junior high campus also has an active boys and girls athletic program, art classes, robotics, UIL academic competitions, a number of academic clubs, a band program, and well-established agriculture classes.

The high school Graduation/Foundation Plan requires students to choose an endorsement, a personal pathway of study. Much as a student would pick a major in college, the new option for an endorsement provides a targeted area of study. All students entering the 9th grade will be required to select an endorsement pathway. The endorsements offered at Hooks High School are STEM, Business and Industry, Arts and Humanities, Public Services, and Multidisciplinary. Hooks High School offers a variety of vocational studies, as well as athletics, band, and UIL academic opportunities. In addition, students can earn college credits through concurrent enrollment in dual credit classes.

The adequate, well-kept facilities and classrooms are sufficient for educational excellence. Public support for education in HISD is evident both in the community and through the parent volunteer programs. The administrative and instructional staff is motivated to produce confident, qualified leaders as they graduate and leave Hooks ISD.

Hooks ISD Enrollment as of September 30, 2024

| Enrollment by Ethnicity: | | |
|---------------------------|-----|--------|
| Hispanic | 79 | 8.87% |
| American Indian/Alaskan | 3 | .33% |
| Asian | 6 | .67% |
| African American | 114 | 12.67% |
| Hawaiian/Pacific Islander | 1 | .11% |
| White | 590 | 65.56% |
| Two or More | 105 | 11.67% |
| Total District Enrollment | 900 | 100% |

Student Achievement

Fundamental academic skills are essential for student success and high standards should be held for academic achievement in all subject areas. It is the belief of Hooks ISD that we must challenge and motivate each student to achieve at the highest level possible. All children are capable of learning; therefore, Hooks ISD will employ current, research-based teaching methods and materials to match the learning abilities of all students. Student achievement data comes from reports in the Texas Academic Performance Report (TAPR), PEIMS, Results Driven Accountability, and State Accountability. We disaggregate our data (with the help of DMAC) by passing rates in subject, grade, and ethnicity and by advanced rates in the same categories. We have identified College, Career and Military Readiness (CCMR) as an area of improvement. The high school principal and CTE teachers continue learning how to implement Programs of Study that lead to Industry Based Certifications to work on this area. The junior high campus is showing growth in academic achievement, as reflected in their accountability. The elementary campus is working on maintaining high levels of achievement. Mathematics is the area in grades 3-8 and science/social studies in grade 8 that needs improvement. Ongoing professional development is essential to obtaining improvement in this area. The district will be working diligently at every campus to ensure progress is made toward reaching the highest achievement levels.

School districts in Texas are currently awaiting the arrival of state assessment data from the 2022-2023 and 2023-2024 school year.

According to surveys, 98% of parents felt the district staff expects all students can learn and perform well in school. 93% of parents are satisfied with their child's academic progress. In addition, 93% of parents agreed it is clear that high levels of engaging and relevant instruction is important at school.

Curriculum, Instruction, Assessment

The Assistant Superintendent of Instruction of Hooks Independent School District is responsible for supporting development and implementation of the Texas Essential Knowledge and Skills (TEKS) in the district curriculum. Hooks ISD utilizes the TEKS Resource System (TRS) as the district curriculum. The curriculum department provides district leadership in the following areas: development and delivery of instruction, interventions for students, professional development, assessment, instructional technology, and instructional resources. The needs assessment for curriculum and instruction includes review of the district curriculum, methods of delivery as well as monitoring efforts to determine effective implementation.

At Hooks ISD we share common goals and concerns for and commitment to the welfare of all children. The goal of the Pre-K–12 curriculum is to ensure that all students will learn the same core of significant content at a specific instructional level, from teacher to teacher, and school to school. Although the curricular objectives are aligned with national content standards, Texas Essential Knowledge and Skills, and state-mandated tests, the overriding goal is to design a curriculum that is academically rich, holistic, student-centered, and culturally diverse, honoring input and contributions from all Hooks ISD stakeholders. Hooks ISD is committed to the development of an exemplary system-wide curriculum that promotes high expectations for its teachers and students that result in meaningful student learning. The system-wide curriculum can best be described as a thinking curriculum, one that integrates content, process, and product; typifying real world situations. The decisions, strategies, and practices supporting the alignment of the *written, taught, and tested* curriculum will be rooted in internal and external research critical to providing optimum learning opportunities for all students.

Hooks ISD has made a commitment to providing relevant professional development for all teachers, promoting lifelong learners and a desire to pass that learning on to our students. To provide teachers with opportunities for instructional planning, the district developed an instructional calendar that included eleven professional development days placed strategically throughout the school year. Hooks ISD data continues to show a need in the areas of critical thinking, mathematics, and short-answer writing responses. The district will extend the focus to deepen teachers' knowledge of a variety of delivery modes while beginning to strengthen and deepen levels of content expertise. Staff are encouraged to attend subject specific professional development at the Region 8 Education Service Center. We will also be focusing on successful RtI and Accelerated Instruction programs at each campus, improving instruction for special populations, and delivering high quality instruction to all students. It is our belief at Hooks ISD that we continue to provide our teachers with quality planning time to produce high impact lessons for all students, which in turn, will result in increased student achievement. It has been the district's initiative to increase the use of TEKS aligned instructional materials and utilize data to inform instructional needs.

Staff Quality, Recruitment, and Retention

We believe at Hooks ISD that a positive overall district climate helps contribute to a high retention rate of teachers and staff. We believe we must be proactive in recruiting and retaining high quality teachers. We will continue to train and hold accountable all Hooks ISD staff to ensure the fulfillment of the Hooks ISD's vision and mission. We are committed to hiring staff that are certified for the subjects they teach. We will be proactive in recruiting for unfilled positions by posting job vacancies and conducting interviews in a timely manner. We will attend various job fairs in the spring of 2025 with the hopes of attracting additional high-quality teachers to our district and to promote the areas that make Hooks ISD a special place to work such as small class sizes, a sense of community and high parental involvement rates. We will also continue to offer competitive salaries and benefits to compete with the local industry. The district is currently in the validation year for the Teacher Incentive Allotment which will not only help current staff earn additional money, but also help keep us competitive to surrounding districts.

School Culture

Hooks ISD continues to promote awareness, respect, appreciation, and understanding of all.

Family and community surveys show that 91% feel that disciplinary actions are fair and consistent. 96% of parents felt school personnel recognize students who are misbehaving. 97% of students and 100% of staff feel their school is safe.

The 2023-2024 school year brought a heightened focus on district safety and will extend through the 2024-2025 school year. The district has ensured that staff have been trained in the most current procedures. Campus drill protocols have been developed and drills are routinely conducted. District safety audits are done each year and discussed with campus administrators. Campus safety procedures are always a priority and evaluated on an ongoing basis. Public access to all campuses is limited to the front entrance of each campus and open access areas are being fenced. We are continuing to make campuses more secure through weekly exterior door checks and key card access for staff.

Bullying prevention is also an area we continue to improve on and have added an anonymous online reporting system to make it easier for threats to be reported and investigated. Each campus emphasizes the importance of kindness and has character education programs. Overall, parents, students and staff feel they are safe and are satisfied with Hooks ISD.

Organizational Structure and Processes

Central office staff accommodates the overall staffing and financial needs of the campuses as funds are available. Instructional supports, classroom facilities, materials, and technology are in place. Schedules are designed around student need. Additional instructional periods are offered for low-performing students. Teachers have the opportunity to meet at least three times a year to work on vertical alignment and resource calibration, data disaggregation as well as developing assessments that will drive classroom instruction. Teachers serve on decision-making committees and surveyed each year to determine satisfaction and areas in need of improvement. Central office staff are helpful and willing to assist staff with their needs. Customer service and satisfaction is our primary goal. Our number of transfers from other districts speaks of the confidence in our school in our area. A climate of high expectations, including the belief that all students can learn, is reinforced at all levels.

Family and Community Engagement

Effective communication with all stakeholders is always a priority for Hooks ISD. The district will continue to pursue every avenue available to us to ensure that all families are provided current information in a timely manner. Two-way communication is necessary for the district to know, understand and meet the needs of our students and families.

Parental and community engagement continue to be areas of focus for the district. Parental involvement continues to grow throughout the district as parents/guardians are invited to attend many events. Campuses hold many events for families to attend each year such as Meet the Teacher, Open House, Report Card Pick Up, Senior Parent Nights for college and career preparation, the STEAM Expo, Science Fairs, Grandparents Day, Dyslexia Family Night and many other family activities.

Hooks ISD also has many thriving extracurricular activities such as sports, band, theatre, and Ag. The Veterans Day program is well-attended by local veterans, families and community members and the district hosts a monthly Senior Citizens Luncheon for members of the community. The School Health Advisory Committee is active and plans relevant programs for students and community such as the Community Health Fair and events to promote wellness and healthy nutrition throughout the school year. Each campus also has an active parent or sports booster club that encourages family participation. The district takes multiple steps to effectively communicate with families and the community. The district utilizes the Skyward email system, Facebook Page, district webpage and text notifications through Remind to provide timely, useful information to parents and they also have access to their student's grades via the Skyward online portal.

Technology

As educational demands continue to evolve, Hooks Independent School District strives to ensure that students and staff have access to relevant technology. We will continue to expand and integrate technology into every aspect of the student academic experience to accomplish the Hooks ISD vision and mission. 94% of parents and 98% of teachers feel their school is well equipped with current technology resources. We will continue to monitor trends in technology and encourage innovation and learning among our teachers and staff. Hooks ISD will maintain an accurate and effective technology inventory system, which will guide budgeting proposals. This system will help determine annual needs. We will continue to maintain a sound and secure technology infrastructure, which will continue to supplement classroom instruction and support business operations. Infrastructure upgrades are primarily completed, ensuring that every campus has access to fast and reliable internet. This has allowed the district to participate in the purchase of technology devices from the state which will be used to expand the integration of classroom technology at all grade levels.

Hooks ISD PFE Policy

| 24-25 Parent & Family Engagement (PFE) Program | |
|--|--|
| What is it? | Hooks ISD is committed to our vision: To be a dynamic learning community vigorously pursuing student success, challenging all to achieve excellence in our ever-changing global society. We strive to provide high-quality education individualized for each student by developing and maintaining relationships with families and the community. One way we continue to do this is by participating in the Title I, Part A State Program. This program provides funding for low socioeconomic schools. In return, we promise to meet the expectations laid out for us by the Texas Education Agency and the United States Department of Education. |
| Expectations & Objectives | <p>Parents and families are a child's first teacher. They imitate you from the moment they are born. Therefore, a mutually beneficial relationship between school and home is in the best interest of every child. The expectation of our PFE Program is to foster communication and decision-making with parents about student performance and to collaboratively support learning. Our objectives are:</p> <ul style="list-style-type: none"> ➤ Effective two-way communication between school and home which is linked to a higher completion rate on homework, better attention during instructional tasks, increased participation by all parties, and improved interactions and relationships between parents, teachers, and students. ➤ If a child's parents are more involved in school experiences, the child is more likely to have higher grades, improved behavior, better attendance, higher social skills, and adaption. ➤ Learning together leads to better school and home life. ➤ Being a life-long learner can prevent some health issues that often occur later in life. |
| Hooks ISD will: | <ul style="list-style-type: none"> ❖ Create a Parent Advisory Board on which parents will be included. This board will plan, develop, evaluate, and revise support and school improvement plans. ❖ Hold regular meetings where the Parent Advisory Board will seek input of families, community members and educators. ❖ Distribute the PFE Policy, this document, to parents and the communities by: <ul style="list-style-type: none"> • Posting it on our district website, and keeping it up to date • Sending a printed copy home with every student • Distributing printed copies and QR codes/links to the electronic version at annual school meetings ❖ Have a representative at the school's annual Title I meeting ❖ Have a representative at school PFE events ❖ Per request, provide the qualifications of a child's teacher ❖ Conduct evaluations of every PFE event at each school, collect that data, and give a report to that school ❖ Assist schools in the evaluation and revision of their PFE policy and school-parent compact ❖ Evaluate the District Parent and Family Program and its policy throughout the year and revise it as needed ❖ Provide training to every district employee on the most effective PFE strategies ❖ Provide trainings to parents on how to navigate the school system ❖ Offer a variety of opportunities to participate in district events: https://www.hooksisd.net/page/calendar |

Board Policy

As required by SB 1267, 87th Texas Legislature, the State Board for Educator Certification (SBEC) approved a **Continuing Education and Training Clearinghouse (Clearinghouse)**, regarding specific trainings that school districts and open-enrollment charter schools provide for educators and other school personnel.

The Superintendent shall recommend the district's professional development plan for all District employees. The Board shall annually review the professional development clearinghouse published by the State Board for Educator Certification (SBEC) and annually approve the district's professional development plan. The district's professional development plan must:

1. be guided by the recommendations for training in the Clearinghouse;
2. note any differences in the policy adopted by the district or school from the recommendations in the Clearinghouse;
3. include a schedule of all training required for educators or other school personnel at the district or school. (DMA Local)

This plan meets those requirements and includes all required board policy components as outlined in DMA Legal, EHB Local, FFBA Legal and Local. All Hooks ISD Board Policies can be located online at: <https://pol.tasb.org/Home/Index/202>

The schedule of trainings does not reflect campus based professional development but does contain all required training. Clearinghouse recommendations were followed.

Purpose

The purpose of the Hooks Independent School District Professional Development Plan is to provide a framework for the alignment of the written, taught, and tested curriculum. To continuously improve student performance, the district is committed to providing dynamic and comprehensive professional development that ensures high standards for all staff and stakeholders who affect student learning. HISD will collaborate with all available resources to ensure high quality, research-based practices are implemented with fidelity.

Our Beliefs

1. Professional learning improves educator effectiveness which is fundamental to student learning.
2. All educators have an obligation to improve their practice.
3. More students achieve when educators assume collective responsibility for student learning.
4. Successful leaders create and sustain a culture of learning.
- s. Effective school systems commit to continuous improvement for all adults and students.

Our Mission

Our professional development mission is to provide quality professional learning opportunities and support for all employees to meet the needs of a growing and changing student population. We support this mission by promoting continuous professional growth in a supportive environment to enhance the knowledge and skills of all staff. The goal of our professional development program is to raise the levels of student achievement throughout the district.

To support our beliefs and mission, our professional development program commits to the following:

- Establishing district expectations and standards in professional growth for all staff
- Providing quality professional growth opportunities for all staff members relevant to their position and role in the district.
- Planning purposeful, professional growth opportunities based on district and individual goals that will maximize student achievement.
- Promoting a supportive environment that develops the desire to improve one's craft through continuous learning.

District Professional Development Norms

Norms are the standards or expectations by which individuals have agreed to operate while working together. Norms help to maximize the productivity and effectiveness in a positive setting and ensure that individuals are respected. They place responsibility on individuals for expected behavior helping to build community in the group and, at the same time, allow for risk taking (TSDS, 2006).

The following district norms have been established to guide our professional learning activities:

- Be on time
- Bring individual devices with login information on hand, when required
- Engage in learning through listening, discussing and participating
- Exhibit professional behaviors by collaborating with others and respecting diverse opinions
- Commit to utilize new learning to benefit the students and staff we serve.

District Initiatives

1. Career and Technology Education: Teachers in the CTE Department and the CTE Advisory Group will meet at least twice yearly to align program goals and focus on Industry-Based Certifications.
2. Cross-curricular writing: ELAR teachers will provide guidance to other campus core content area teachers for development of cross-curricular writing activities in addition to the other back to school training opportunities.
3. Data disaggregation: Campuses will reinforce data disaggregation processes and training to establish more effective methodology for addressing student instructional strengths and weaknesses and student growth.
4. Safety training: Staff members will continue to reflect upon the effectiveness of safety drills and will update protocols according to findings. Training for those using/handling hazardous chemicals will be in place for teachers (lab science), custodians, maintenance staff, and any other applicable employees.

Teachers

District professional development for teachers will be aligned to the T-TESS domains and four areas of focus identified through the strategic planning process. These four focus areas include brain-based learning strategies, creativity, student engagement, and innovative practices. These areas are aimed at transforming classrooms into innovative learning labs that challenge, engage, and excite students.

Professional Development sessions will be aligned to implementation of the curriculum (TEKS) and will support Departments/Grade Level Teams. Most of the sessions will be held August 5th – 13th, but some sessions may be scheduled at other times throughout the year.

1. Each year, teachers need to assess their technology skill level and attend applicable sessions to address any areas of identified needs.
2. Teachers should be fully aware of the particulars of their curriculum whether online or in text format.

New Teachers

Induction, as defined by Dr. Phil Schlechty is, "the systems through which new members to the organization are brought to understand and embrace the norms and values they must understand and embrace to be full members of the organization."

This would include systems at both the campus and district level. Induction support may include, but is not limited to:

- Grade Level Team Leader/Department Chair Support (during meetings, conference times, etc.)
- Campus Administrators (During Pre-Conference and Post-Conferences, during campus meetings)
- District Orientation
 - o Participation in the Region 8 ESC New Teacher Institute
 - o T-TESS Training and Support
 - o Purposeful Planning with the TEKS Resource
 - o Skyward Gradebook
 - o DMAC
 - o Parent Conferencing
 - o Curriculum and Assessment Training

Administrators

Administrators, including the superintendent, directors, campus principals, and coordinators are expected to participate in high quality professional learning that is relevant and based on an administrator's years of experience and includes opportunities to attend local, state and national conferences.

Administrator Professional Development will include:

- Content driven by district data and principal feedback and facilitated by both district and out of district presenters.
- Job-embedded to include webinars and other technology delivery methods.
- Induction and mentoring program for first year administrators
- Feeder pattern collaboration
- Supporting TEKS Resource System at the Campus Level
- T-TESS and Teacher-designed student learning objectives

The design of the administrator professional learning includes meetings to ensure that principals have up-to-the-minute information and guidance from the USDE, TEA, Bowie County Shared Service Arrangement for Special Education, and Region 8 ESC in order to effectively make decisions to impact their campuses. The expectation is the learning gained from administrator sessions will be used effectively to support teachers and improve student achievement.

Activities Include:

1. Classroom Walk-Throughs (using the T-TESS Rubric to Guide Observations)
2. Using Data to support the Campus Improvement Plan and the work of department/grade level teams
3. Accountability Updates
4. Administrator Meetings

Counselors

Counselors play a critical role in our schools in providing guidance and support for students, parents, and teachers. Substance abuse prevention, violence prevention, discipline, bullying, and student leadership are some of the topics they address. At the elementary and middle school, they also support the campus testing program. At the high school, they serve as main point of contact for House Bill 5 and Graduation Plans.

Counselor support may include, but is not limited to:

- Participation in the counselor training through Region 8 ESC or other entities.
- Texas School Procedures Resources
- Workshops that support the implementation of current legislation
- Implementing the Comprehensive School Counseling Program

Testing Coordinators

The secure and accurate administration of the STAAR test is an important responsibility. Campus/District Testing Coordinators will participate each year in the Region 8 District/Campus Testing Coordinator training. Campus testing personnel will be trained by the Campus Testing Coordinator.

Instructional Paraprofessionals

All instructional paraprofessional staff will participate in district/campus professional development days as deemed appropriate to their job description. This professional development will correspond with the existing workday.

For example, on district professional development days when subject specific learning has been designed, instructional paraprofessionals are to attend these sessions along with their classroom teachers. If the instructional paraprofessional should assist with instruction during multiple subject areas, the campus principal will assign them to a session.

Professional learning opportunities will be identified by collaborating with campus and district administrators, as well as by administering periodic needs assessment surveys. Learning will be designed and facilitated by both district and out of district resources.

Instructional paraprofessionals are to be trained in all Special Education requirements including proper restraints and confidentiality rules.

Support Staff

Staff development will be implemented according to state requirements and overseen by the department directors.

Substitute Teachers

Substitute Teacher Orientation training is required before any substitute teacher can work in the district. This orientation will include safety training, and each attendee will receive a Substitute Teacher Handbook.

NOTES:

1. TEC, Chapter 21, Section 21.451 outlines staff development requirements for school districts. Among those requirements are that the staff development must be designed to improve education in the district and must be predominantly campus-based and proactive instructional planning with inclusive and evidence-based practices. Several topics that may be a part of the district staff development offerings are listed. It

also may include what is permissible under law including opinions of the United States Supreme Court regarding prayer in public schools. Those trainings listed in Section 21.451 that are mandatory are included in the chart above.

2. TEC, Chapter 11, Section 11.252 states that the district improvement plan must include provisions for “staff development for professional staff of the district” as a “strategy for improvement of student performance.”
3. TEC, Chapter 21, Section 21.054 outlines continuing education requirements for educators, including classroom teachers, principals, and counselors. Section 21.0541 allows an educator to receive continuing education credit for completion of a course on the use of an automated external defibrillator. The 2021 Legislative session deleted requirements regarding mental health issues including grief and trauma from the continuing education requirements, however, it was moved to TEC, Chapter 38, Section 38.036. The 2023 Legislative session changed the phrase “...not more than 25 percent...” to “...at least 25 percent...”
4. TEC, Chapter 38, Section 38.0041 (c) requires training in sexual abuse, sex trafficking, and other maltreatment of children with significant cognitive disabilities as part of the new employee orientation.
5. TAC, Title 19, Part 2, Chapter 97, Subchapter EE, Division 1 describes the various trainings required of campuses/districts in need of improvement.
6. Many grants require grantees to participate in specified Professional Development activities.

Student Achievement

Student Achievement Summary

Hooks Junior High school employs an interventionist to increase student growth in Tier III math in grades 5th through 8th. Recently HJH implemented an intervention program for Tier III reading. We are adding new components for “Maneuvering in the Middle” as an additional recourse for math intervention. The Campus Improvement Committee along with RtI teachers and principals set out to improve RTI and accelerated instruction for all students campus wide, by adding an RTI class period to the instructional day. HJH strives to improve the effectiveness of Tier I and Tier II instruction to meet the educational needs of economically disadvantaged and focus student groups. Hooks Junior High will work to continue to improve the effectiveness of instruction as well as implementation of accommodations and modifications to meet the educational needs of students with special needs.

The State of Texas Education Agency has not released school ratings. Hooks Junior High School does not have a rating as of now. STAAR data from the 2023-2024 school year will be utilized to address student academic needs with accelerated targeted instruction to improve student growth and achievement for the 2024-2025 school year.

Student Achievement Strengths:

Hooks Junior High continues to rise above state averages in most all tested subjects on STAAR. Although TEA has not released the latest ratings, it is worth noting HJH earned distinction designations for outstanding performance in comparative academic growth and comparative closing the gaps for 2022. 92% of HJH parents believe the school provides engaging curriculum and instruction to students. 5th grade science scores and 7th grade math scores have increased greatly. With the vertical alignment of TEKS and teacher participation in ESC 8 cohort there is anticipation for eight grade scores to show growth on the horizon. Although HJH 8th grade science social studies took a dip in 2024.

Student Achievement Needs:

Hooks Junior High students have a need for increased student achievement and growth in 8th grade social studies and science. Teachers will increase differentiation of student instruction in all grade levels to provide for both intervention and enrichment. Math fluency will improve with the help of a new curriculum resource with an RtI component. There is a current need for improvement in 5th grade math STAAR scores. Increases for student growth in approaches, meets, and masters is needed.

Reports of bullying are evaluated systematically.

Curriculum, Instruction, Technology and Assessment

Curriculum, Instruction, Technology and Assessment Summary

HJHS shares the vision of the district to be a dynamic learning community vigorously pursuing student success, challenging all to achieve excellence in our ever-changing global society. The goal of 5th through 8th grade is to develop responsible and productive students by delivering appropriate and individualized educational experiences. Algebra 1 is offered to qualifying 8th grade students. Students who successfully complete the Algebra 1 course will earn high school credit. Seventh and eighth grade students will participate in our new Introduction to Agriculture and earn high school credits.

Curriculum guides are directly connected to the state standards (TEKS) and reflect the English Language Proficiency Standards (ELPS). The TEKS Resource system is used to guarantee that each objective is taught to the rigor and specificity required for success. The integration of technology into a hands-on curriculum engages students and adds to understanding.

Curriculum, Instruction, Technology and Assessment Strengths:

Hooks Junior High school teachers meet by subject to ensure vertical alignment for content is being taught. All classrooms have access to innovative technology to enhance instruction. All tested subjects have classroom sets of Chromebooks and Smart Pannells for students and teachers to use during instruction. 92% of parents and 95% of teachers are satisfied with the technology and instructional resources available to students and teachers. All students have access to a variety of educational software. HJHS has one lab with about 28 desktop computers in the lab. Internet and Wi-Fi are available for classroom use during instruction throughout the school. 92% of parents surveyed say they felt like elevated levels of engagement and relevant instruction are important at school. Grade level teams meet regularly to discuss student data, lesson plans, and best practices. Weekly class agendas and student grades are posted online for parents and students to access. 91% of parents surveyed are satisfied with their child's academic progress at HJH.

Curriculum, Instruction, Technology and Assessment Needs:

All students will be trained on Google Classroom to prepare them for future learning and instruction. Hooks Junior High will maintain, and upgrade technology as needed. HJH has 13 Chromebook carts for instructional utilization by all students. Every tested subject has a full classroom set for student use in academics. Staff will be trained to use recent technology and software as needed. 82% of parents feel like teachers are sensitive to their child's learning style. Teachers will continue to ensure differentiated instructional curriculum to address different learning styles in classrooms.

Family and Community Involvement

Family and Community Involvement Summary

At Hooks Junior High, parents and guardians are encouraged to form a team with their children's teachers to promote effective communication which will help meet the child's needs. The Remind APP is utilized for each grade level for student and parent communication. The Skyward Family Access has proven to be a useful tool for parents to monitor grades and absences. calendars, newsletters, agendas, weekly reports, and progress reports help to keep parents informed of homework, projects, and discipline.

Family and community Involvement Needs:

81% of parents surveyed felt teachers and school personnel inform their child and themselves regularly about how he/she is doing in school. Hooks Junior High school will work hard to help parents to be better informed about their child's academic progress. HJH will also be more diligent to better inform parents about educational opportunities for students. Each teacher will also communicate with parents 2 or more times, 1 per semester, about positive progress concerning their child.

Hooks Junior High PFE Policy

| 24-25 Parent & Family Engagement (PFE) Program | |
|--|---|
| What is it? | Hooks ISD is committed to our vision: To be a dynamic learning community vigorously pursuing student success, challenging all to achieve excellence in our ever-changing global society. We strive to provide high-quality education individualized for each student by developing and maintaining relationships with families and the community. One way we continue to do this is by participating in the Title I, Part A State Program. This program provides funding for low socioeconomic schools. In return, we promise to meet the expectations laid out for us by the Texas Education Agency and the United States Department of Education. |
| Funding | Title I funds will be allocated for the implementation of the parent and family engagement program. Such programs, activities, and procedures will be planned and implemented with meaningful consultation with parents of participating children |
| Review | All use of funding and activities can be reviewed by the Texas Education Agency upon request to ensure they meet the need of the PFE Program. |
| Family Conferences | Conferences offer a time for the school and family to communicate necessary information. All guests must enter through the main office entrance and receive a guest badge. |
| How to be involved | <ul style="list-style-type: none"> ❖ Become a member of various campus committees ❖ Attend conferences and campus activities ❖ Talk to your child's teacher about how to assist with activities and/or events ❖ If you need assistance contacting your child's teacher please contact the office at 903-547-2568 |
| Family Trainings/Activities | All Hooks ISD trainings and activities are located at the link below or by contacting the campus office. https://www.hooksisd.net/page/calendar |
| Curriculum | Hooks Junior High utilizes high-quality curriculum that supports student success. |
| Forms of Academic Assessments | Hooks Junior High has common formative assessments that every teacher gives. No matter the teacher, each child is assessed via the same assessment provided by MAPs, DMAC and TEKS Resource System which models each assessment after the State of Texas Assessments of Academic Readiness or STAAR test. Previous STAAR tests are released and utilized for assessment and instruction in addition to other curriculums. |
| Expected Achievement levels on academic assessments | The State's Performance Standards can be found on this website: https://tea.texas.gov/studentassessment/testing/staar/staarperformance-standards . Hooks Junior High tracks each child's growth throughout the year via local assessments. |
| Ways to Request regular meetings | You may bring any suggestions, ideas, or concerns/questions to the conferences mentioned above. However, if you need to meet with the administrators or a teacher at another time, you may email that individual person, or call the office to set up a time to meet. We welcome you as we want our school to be a place where everyone feels safe and welcome. |
