Demographics

Demographics Summary

Hooks Elementary School is located in the quiet East Texas town of Hooks, Texas. Hooks is a small community located in the northeast corner of Bowie County, just a few miles west of the city of Texarkana. The total student population has been gradually dropping as the results of decrease in jobs and housing in this area and COVID 19.

On October 10, 2025 there were 324 students enrolled in grades PreK-4th.

The economically disadvantaged population as of October 10, 2025 was 62.65%.

The Race/Ethnicity demographics are as follows:

Enrollment by Ethnicity:		
Hispanic	32	9.85%
American Indian/Alaskan	0	0%
Asian	1	0.31%
African American	30	9.23%
Hawaiian/Pacific Islander	0	0%
White	228	70.15%
Two or More	34	10.46%
Total District Enrollment	325	100%

As of October 10, 2025, Hooks Elementary had twenty-three teachers, eleven full day paraprofessionals, two campus administrators, and seven other staff members. Eighteen teachers are classified as homeroom teachers. Homeroom classes have an average student: teacher ratio of 18:1.

Student Achievement:

All children are unique and must have a stimulating educational environment where they can grow physically, mentally, emotionally, and socially. Hooks Elementary has a desire to create this type of atmosphere where students can meet their full potential. Strong foundational skills in conjunction with research based resources are key components to building such students.

Student Achievement is about measuring what students know and can do. We can identify student achievement in many ways. One popular way in the state of Texas- we look at performance on the STAAR tests, which are designed to measure what students know and can do in tested subjects.

School Progress is based on a school's strengths. School Progress measures how much better students performed on the STAAR test this year versus last year. It also looks at how much better students are doing academically at the school compared to similar schools. The 2024 HES overall campus rating: A, with campus rating of A in School Progress and in Closing the Gaps. The campus also received Distinction Designations in all five categories: Academic Achievement in Reading/Language Arts, Academic Achievement in Mathematics, Top 25%: Comparative Academic Growth, Postsecondary Readiness, and Top 25%: Comparative Closing the Gaps.

Students who Meet Grade Level generally demonstrates the ability to think critically and apply grade level knowledge and skills in familiar contexts. Those who Master Grade Level know it well enough to apply those skills even in unfamiliar contexts, outside the classroom. Students who Approach Grade Level are likely to succeed in the next grade as long as they receive targeted academic intervention. We encourage all students to grow academically in either enrichment or intervention programs.

Even in schools where many students perform well, performance gaps can exist among different groups of students. Achievement gaps in education refer to the disparity in academic performance between groups of students. We disaggregate several data types throughout the school year and ensure all students have the resources they need to increase the performance level of all students.

As we proceed to the new school year, Hooks Elementary will continue to promote high student achievement and interpret the dynamics of the rating system to target specific learning groups such as those in special education.

According to our surveys, 95.5% of families reported that teachers regularly and school personnel inform them regularly about their child’s progress and specific areas of strengths and needs. In addition, 96.4% of Hooks Elementary parents are satisfied with their child’s academic progress and 100% believe the expectation of staff, teachers, and administration is that all students can learn and perform well.

School Culture and Climate:

Hooks Elementary School is a diverse community of students with a variety of culture, backgrounds, and family structures. HES encourages students to be honest, organized, respectful, neat, energetic, team-working kids who set high goals.

Disciplinary data indicates a mild need for administrative intervention. CHAMPs proactive and positive approach to classroom management contributes to the number of office referrals. 95.5% of families feel disciplinary actions are fair and related to the rules which are broken. 94.6% of staff agree that discipline is applied consistently for all students. Many do not have experience with disciplinary actions at Hooks Elementary.

Also, 100% of students and staff agree that they feel safe at school.

In addition, HES has implemented a threat assessment team; members including the principal, assistant principal, coordinator of student services, school resource officer, and teacher, to assist in the safety of the school, students, and staff.

Reports of bullying are evaluated systematically. Students receive information on kindness through the character education program. In addition, the counselor leads SEL (Social Emotional Learning) groups where students learn and apply skills necessary to promote and develop positive mental health.

Staff surveys report 100% of students are effectively encouraged to behave well, relate well to others, and have positive attitudes toward learning. Also, 100% of staff believes routines and rules are implemented consistently and communicated clearly to students, parents, and staff. 100% of parents report that the school responds in a timely manner when contacting the school about a question or concern.

HES believes that all children are unique and have something special that they can bring to their own education. We encourage students to express themselves and accept themselves for who they are, as well as to embrace the differences of others. We provide a safe environment where students are invited to share their ideas and take educational risks to strengthen their knowledge and skill level.

Curriculum, Instruction, Technology and Assessment:

HES shares the vision of the district to be a dynamic learning community vigorously pursuing student success, challenging all to achieve excellence in our ever-changing global society. The goal of PreK-4th grade is to develop responsible and productive students by delivering appropriate and individualized educational experiences.

Curriculum guides are directly connected to the state standards (TEKS) and reflect the English Language Proficiency Standards (ELPS). The TEKS Resource system is used to guarantee that each objective is taught to the rigor and specificity required for success. The integration of technology into a hands-on curriculum engages students and adds to understanding.

Multiple resources, including the adoption materials, additional TEKS resource supplements, a phonics program, and other tools are utilized in order to meet the needs of all our students and their learning styles. Hooks Elementary implements a systemic RtI program that is researched based and focuses on decoding, fluency, and comprehension. HES also promotes enrichment learning opportunities such as elementary Spanish and project-based learning.

Grade level teams meet regularly to discuss student data, lesson plans, curriculum needs and best teaching practices. Classrooms have access to a variety of technology resources including projectors and document cameras, desktop computers, Smart Boards, variety of educational software, computer labs and carts of iPads and Chromebooks. This campus continues to have a need for upgraded technology hardware. 100% of staff feels their campus is equipped with technology resources to assist with instruction. 94.6% of families reported they are satisfied with the technology and instructional resources available to their child.

Hooks Elementary is excited to advocate and encourage fine arts opportunities. Students will learn the basics of music education in grades K-4 with the engagement of various instruments and a variety of art forms through art education.

Family and Community Involvement:

At Hooks Elementary parents and guardians are encouraged to form a team with their children's teachers in an effort to promote good communication which will help in meeting the needs of the child. The Skyward Family Access has proven to be a useful tool for parents to monitor grades and absences. Calendars, newsletters, agendas, weekly reports, progress reports, email, personal calls and parent/teacher conferences help to keep parents informed of homework, projects, and discipline. Hooks Elementary utilizes Remind, Class DoJo, Facebook, and the Hooks ISD webpage to keep parents updated on activities and events. The HES Parent Booster Club and campus committees offer parents many opportunities to be involved in school and community activities. Other events include Meet the Teacher night, Holiday at the Hive, Open House, Book Fair, TEA's Mobile STEM Lab Parent Night, and Grandparent's Day to name a few. Every month Hooks Elementary offers an opportunity for families to be involved at school. We will continue to promote a team approach to encourage parental involvement.

100% of staff believe our school works with parents to build positive relationships and to engage them as partners in their child's learning. In addition, 99.1% of parents agree that student, parent, and school personnel show pride in the school and facilities and help to keep them attractive and maintained.

We understand the importance of the home-school connection. Parent/family involvement in schools leads to higher grades and test scores and better attendance and homework completion records. Students also are more likely to graduate and pursue higher education because their parents have taken an interest in their education and serve as role models. Home-school partnerships help teachers develop strong relationships with their students and motivate parents to cooperate with teachers to improve academic performance.

Hooks Elementary will continue our efforts to engage family and community involvement for the overall success of our students.

Hooks Elementary PFE Policy

25-26 Parent & Family Engagement (PFE) Program	
What is it?	Hooks ISD is committed to our vision: To be a dynamic learning community vigorously pursuing student success, challenging all to achieve excellence in our ever-changing global society. We strive to provide high-quality education individualized for each student by developing and maintaining relationships with families and the community. One way we continue to do this is by participating in the Title I, Part A State Program. This program provides funding for low socioeconomic schools. In return, we promise to meet the expectations laid out for us by the Texas Education Agency and the United States Department of Education.
Funding	Title I funds will be allocated for the implementation of the parent and family engagement program. Such programs, activities, and procedures will be planned and implemented with meaningful consultation with parents of participating children
Review	All use of funding and activities can be reviewed by the Texas Education Agency upon request to ensure they meet the need of the PFE Program.
Family Conferences	Conferences offer a time for the school and family to communicate necessary information. All guests must enter through the main office entrance and receive a guest badge.
How to be involved	<ul style="list-style-type: none"> ❖ Become a member of the PTO ❖ Attend conferences and campus activities ❖ Talk to your child’s teacher about how to assist with activities ❖ If you need assistance contacting your child’s teacher please contact the office at 903-547-2291
Family Trainings/Activities	All Hooks ISD trainings and activities are located at the link below or by contacting the campus office. https://www.hooksisd.net/page/calendar
Curriculum	Hooks Elementary utilizes high-quality curriculum that supports student success.
Forms of Academic Assessments	Hooks Elementary has common formative assessments that every teacher gives. No matter the teacher, each child is assessed via the same assessment provided by MAPs and TEKS Resource System which models each assessment after the State of Texas Assessments of Academic Readiness or STAAR test. Previous STAAR tests are released and utilized for assessment and instruction in addition to other curriculums.
Expected Achievement levels on academic assessments	The State’s Performance Standards can be found on this website: https://tea.texas.gov/studentassessment/testing/staar/staarperformance-standards . Hooks Elementary tracks each child’s growth throughout the year via local assessments. Each child has a folder where teachers help them track their own learning growth.
Ways to Request regular meetings	You may bring any suggestions, ideas, or concerns/questions to the conferences mentioned above. However, if you need to meet with the administrators or a teacher at another time, you may email that individual person, or call the office to set up a time to meet. We welcome you as we want our school to be a place where everyone feels safe and welcome.
